## DID YOU KNOW?

**Fighter Country Partnership (FCP) was founded in 1997** and is the leading community support and advocacy group for the aid, operation and preservation of Luke Air Force Base.

**FCP members are business professionals, elected officials, military retirees as well as a diverse group of citizens** who support Luke and want to ensure its future in Arizona. Our purpose is simple: to provide a high level of support for the men, women and families of Luke while enhancing its ongoing mission – to train the world's best pilots, maintainers and support personnel while deploying mission-ready warfighters.

**Fundraising events** such as this golf tournament provide a bridge of support for the many advocacy programs and special events that unfold throughout the year.
